## TERRY CROUCHER

Coming from an artistic family, Terry's love for design and creating was born at a young age.

In his early years Terry studied furniture production and Computer Aided Design in Suffolk to become a fully qualified designer and craftsman in the trade.

Loving every minute of the course Terry's passion for the craft grew very quickly.

He has been in workshops ever since, making many different products, from trinket boxes to box sash windows and high end furniture and furnishings.

The development of his own techniques and styles has led to the design and manufacture of a unique range of products.

Surrounded by wild meadows and countryside, Terry's new Eco-Friendly workshop is the perfect place for creative inspiration.
